

STADIUM BIKE PATH DETOUR

This map illustrates the Stadium Bike Path Detour in San Diego. The main route, Stadium Rd, is shown in blue. A temporary bike route detour is highlighted in green, starting from Stadium Rd near the intersection with Esccondido Hwy (15) and heading south towards the San Diego River. A red line indicates a temporary bike route closure, with red 'X' marks at the intersection of Stadium Rd and Esccondido Hwy, and at the intersection of Stadium Rd and Camino del Rio N. A red dashed line shows a temporary dead-end route. The map also shows existing multi-use paths in orange, existing bike lanes in blue, existing bike routes in green, existing freeway shoulder bike access in purple, and existing other suggested routes in yellow. A legend titled 'Bikeways in the San Diego Region' provides details for these symbols. A note states: '*Short term, intermittent closures may be required for final paving at this intersection.' The map includes labels for various streets, landmarks like IKEA and Lowe's, and the San Diego River.

Bikeways in the San Diego Region
